RE:Proposal P1007 Primary Production & Processing Requirements for Raw Milk Products

Wouldn't it be lovely if Australian culture could take part in the amazing selection of healthy, wholesome- dairy products of Europe , the birth place of cheese. I fully support and encourage the idea of allowing the import of delicious dairy in its traditional and unpasturised form. I am fed up of waiting for my next trip to France, Greece and Italy to enjoy 'real' dairy products.
