Hi Lisa

Sorry for the delay in getting back to you – I was organising an largish workshop last week and got tied up. The meeting is progressing well (midnight meetings every Wednesday since early Jan). It will be in Brazil, Sao Paulo from September 14-18. FSANZ has been mentioned and it would be great if you could make it. I've attached a preliminary draft here, as I know it might help you get this across the line – but please keep it in-house and confidential for the time being (still a work in progress).

Cheers

Mark

Good morning Mark

Just wondering if you can give me any more information on the workshop you mentioned the last time we spoke, or can you let me know who would be the best person in the US govt to talk to about it – [REDACTED]
[REDACTED] From memory I think she was involved in organising previous ones.

I'm planning on putting in a budget bid to attend and just need a few additional details.

Thanks
Lisa
