Administrative assessment report – Proposal P1010

Review of Formulated Supplementary Sports Foods

Brief Description of Proposal : To review Standard 2.9.4 – Formulated Supplementary Sports Foods (FSSF) of the <i>Australia New Zealand Food Standards Code</i>		Potentially affected standard: 2.9.4 – FSSF 1.2.7 – Nutrition, Health and Related Claims
Procedure: Major	Estimated total hours: Two stages are planned for this proposal Stage 1 ~2300 hours Stage 2 TBD	Provisional estimated start work: Late June 2019
Reasons why: The proposal will review an entire standard that is 20 years old and out of date.	Reasons why: Stage 1 will inform the project scope and issues for the proposal. It will comprise a situational analysis including the trade, sale, education and use of FSSF by various sectors including industry, the sports and broader community and government. Stage 1 will also examine the operation of ANZ food/supplemented food/therapeutic good regulatory context for sports products including the food medicine interface. Stage 2 will involve development of revised arrangements for regulation of sports food.	

Other Comments or Relevant Matters:

In October 2018, the Forum requested FSANZ to conduct a full review of Standard 2.9.4 – Formulated Supplementary Sports Food as a matter of priority to modernise the Standard.

Decision
Proposal prepared

Date: 14 June 2019

Consultation & assessment timeframe**Proposed length of public consultation periods**

At least two opportunities for public consultation are planned during the assessment of the Proposal. Additional rounds of public comment are expected given the large number of issues to be assessed. Depending on the range of issues, longer consultation periods will be considered.

Formal consultation will be complemented by extensive targeted consultation with key stakeholders.

Proposed timeframe for assessment:**Stage1:**

Commence assessment (clock start)
Targeted consultation
Preparation of first consultation paper
Public comment
Preparation of second consultation report, if required
Situational analysis report

June 2019

Stage 2

Completion of assessment
Public comment
Preparation of draft food regulatory measure
Public comment
Additional consultation paper, if required
Board to complete approval
Notification to Forum
Anticipated gazettal if no review requested

June 2020
