

SUBMISSION OF CATHERINE HANSON-FRIEND RELATING TO: Proposal
P1007-Primary Production & Processing Requirements for Raw Milk Products.

I would like to express my concern at the proposal to remove my rights to have legal access to raw milk, given that my children and I have been drinking raw milk for some years now and we much prefer the taste over “Supermarket Milk” which is pasteurised and often homogenised unnecessarily.

Please do not take away my rights; please provide me with the freedom of choice to choose to purchase and consume the type of milk and dairy products that I determine to be best and healthiest and safest for my children and myself

Kindest regards.....Catherine Hanson-Friend
