

FOOD RECALL

GAGANIS PREMIUM AUSTRALIAN POPPY SEED

All Best Before dates from 1 September 2023 up to and including 8 November 2023, July 2024 & October 2024

500g

1kg

Gaganis Bros Imported Food Wholesalers Pty Ltd together with other businesses responsible for their brands and products, is conducting a coordinated recall of poppy seed. The Gaganis products have been available for sale at independent food retailers, online, and direct from Gaganis in SA.

Problem: Health Authorities have advised that the problem is due to the potential presence of a chemical (thebaine) due to unsafe or unsuitable poppy seeds entering the food supply, which has been outside the control of Gaganis.

Food safety hazard: Food products containing thebaine may cause illness if consumed. Severe poisoning soon after ingestion has occurred in some people who have consumed large amounts of poppy seeds.

What to do: Consumers should not eat these products and should return to the place of purchase for a full refund and safe disposal. Any consumers concerned about their health should seek medical advice.
