Hi [REDACTED]

As discussed with Robyn this morning, this is a first draft of a briefing on NBTs [REDACTED] ready for input and comment from you guys. Its fairly rough at this stage but it looks like I'm going to be tied up with responding to media questions for the rest of the arvo, so may as well send it thru to you now.

I'll touch base with [REDACTED] on Monday, when I'm back in the office.

Cheers and thanks
