Subject: Changes required to nano webpage [SEC=UNCLASSIFIED]

Hi Lorraine,

Following a meeting of the SNAG last evening – I request a change to the statement about SNAG on the nano page.

The statement: "This conclusion is supported by experts from our Scientific Nanotechnology Advisory Group."

To be replaced with the Statement: "FSANZ consulted with members of our Scientific Nanotechnology Advisory Group in reaching our conclusions."

This more accurately reflects the role that the SNAG plays in providing advice to FSANZ.

Thanks Trevor
