

ACKNOWLEDGED

Snape Creek,
Haast,
Westland 7844

SCANNED 6/2/11

Application 1042: Food derived from
herbicide-tolerant Corn Line DAS-40278-9

I oppose this application and request
that FSANZ decline it.

Reason

The applicant has failed to provide
a notarised statement to the effect
that all health, safety and nutritional
tests and analyses have been
performed by fully independent
research and testing facilities.

Therefore, the applicant's supporting
information lacks credibility due
to conflict of interest issues.
