Subject: Submission on A1193 Irradiation of all fresh fruit and vegetables

To whom it may concern.

As if there are not enough crazy laws and infringements on people's rights at the moment here is yet another.

I am writing to complain profusely, loudly and with great indignation about the proposed legislation you want to pass.

I do not consent to the government or any body pertaining to that, to irradiate my food.

I would appreciate you not doing it.

Thanks,
