> Subject: Submission on A1193 Irradiation of all fresh fruit and
> vegetables

>
> I strongly object to the application for Irradiation of all fresh fruit and vegetables. This should never be approved due to insufficient research and evidence of the consumer's health and safety. Our health WILL be at risk.

>
> Is the QLD Government prepared to be liable for health issues arising in the future? Let's not allow this to go ahead. We need real, fresh food on our shelves - we don't want it tampered with!
