**Subject:** Submission on A1193 Irradiation of all fresh fruit and vegetables

Dear Sir,  
I am against irradiation as it would adversely affect the nutritional value in our foods.  
I call on policy-makers to amend Food Standard 1.5.3 to require irradiated is all labelled as such and that non-packaged irradiated foods such as fruit and vegetables are individually labelled. Labelling must include the words "irradiated" or "treated with radiation" or "treated with irradiation"  
I recommend and hope that FSANZ reject proposal A1092.

Regards
