Subject: Legalize Hemp Crops

Categories: Yellow Category

Come on Guys...its time we joined the other countries!

This could be an amazing, useful and profitable crop for Australia to export.
Have you worn hemp? it is SO comfortable.
Have you slept in Hemp sheets? they are so absorbent and comfortable.
Have you taken Hemp oil...it is so nutritionally good for you.

At this rate, they will legalize Marijuana.... before they legalize the Hemp Crop!

How silly would that be?
