

Comments from the Victorian Departments of Health & Human Services and Economic Development, Jobs, Transport & Resources

Due date of submission – 23 October 2015

The Victorian Departments of Health & Human Services and Economic Development, Jobs, Transport & Resources (the departments) welcome the opportunity to provide comments on Proposal M1013 – Schedule 20 MRLs – Consequentials & Corrective Amendments.

It is understood that the proposal seeks to amend Schedule 20 (Maximum Residue Levels (MRLs)) of the revised Code to align the revised Code with amendments that have been made to Standard 1.4.2 (MRLs) of the current Code, and correct formatting and minor technical errors that have been identified. It is also understood that the revised Code will replace the current Code on 1 March 2016.

The departments are satisfied that the proposed amendments will ensure that the revised Code will continue to reflect existing law with respect to MRLs.

On this basis the departments support the progression of Proposal M1013.
