Dear Sir/Madam

Please review the current legislation prohibiting dog owners to sit with their dog in an outdoor area of a cafe/restaurant and enjoy pastime and pay much needed custom to businesses.  
I do agree that responsible owners and well behaved dogs are a pre-requisite and I'd like to believe that most would be happy with that imposition.  
I am more than happy for you to be extremely draconian on matters of dog foul and this really annoys me on walks, as it is simply bad manners and gives all dog owners a bad reputation.

Many thanks for reading.  
Mr Protopsaltis
