

Comments from the Victorian Department of Health

6 July 2012

The Victorian Department of Health welcomes the opportunity to provide comments on Proposal P1021, a proposal to update references and correct minor typographical and formatting errors in the *Australia and New Zealand Food Standards Code* using the minor assessment procedure.

The department is satisfied that the matters raised in P1021 are appropriate to be dealt with under a Code Maintenance proposal, and therefore supports its progression.
