12. **Submission Text:** I support proposal P1035. I am a coeliac and 2 of my children are also. It is extremely important for us to be assured that our food and drink is absolutely safe to consume. I try to only buy food and beverages that are labelled as gluten free. It is expensive but it is the only option. Looking at a label and trying to figure out what the food actually contains is often quite tricky so it has to be black and white. Gluten free or not gluten free. I don't understand the difficulty with labelling food as such. Thanks. Nicky Garden
