P1052 – Primary Production and Processing Requirements for Horticulture (Berries, Leafy Vegetables and Melons)

About Perfection Fresh Australia

Perfection Fresh is Australia's largest privately-owned, vertically integrated, and multi-category fresh fruit and vegetable produce business with over 40 years' experience. We have a portfolio of high-tech production farms and an extensive network of strategically aligned third party growers. Perfection Fresh is a key supplier to all major retailers and this is complimented by its networks of central market trading stands and export sales.

Perfection Fresh Australia is committed to providing our customers and consumers with products they can be assured are safe to eat and are the best possible quality. We are proud of our commitment to food safety and quality and as such has invested significantly in technology and human resources to ensure produce from our own farms and third-party growers meet strict internal and customer requirements. As such, all fresh produce is only supplied via growing facilities with accredited GFSI food safety schemes.

Specific Comments

Perfection Fresh Australia welcomes FSANZ to review and assess options to review primary production and processing requirements for berries, leafy vegetables, and melons.

Perfection Fresh is a supporter of the Australian Fresh Produce Association (AFPA) and fully supports and agrees with their recommendations to FSANZ.
