**Subject:** Raw Dairy

Dear Food Standards,

could you please give me information on the following:

The cost of deaths, illnesses and lost productivity due to alcohol - which is legal.

The cost of obesity, dental problems and other health problems due to Coca Cola and other soft drinks - which are legal.

And then explain why I cannot buy clean raw dairy products, so I can get nutritious food which I need. I cannot digest pasteurised dairy.

**Subject:** Raw Dairy

Dear Food Standards Staff,

I need Raw Dairy for my health as I cannot digest pasteurised dairy. I am an educated man with post graduate qualifications. I can decide for myself what is good for me. You will severely jeopardise my health if you do not allow me to access raw dairy products.

Sincerely,  
Michael Seymour
